SUMMARY

To secure a challenging entry-level position as a software student, leveraging my technical skills, passion for coding, and dedication to continuous learning, in order to contribute to the development of innovative solution while gaining practical industry experience.

EDUCATION

Master of Computer Application

PES University, Bengaluru • 2022-2024

Bachelor of Computer Application

Nagarjuna College Of Management Studies, Chikkaballapur • 2019-2022

Pre-University College

Panchagiri PU College, Chikkaballapur • 2017-2019

TECHNICAL SKILLS

React JS · JavaScript · Express JS · Node JS · MongoDB · Java · Python

HTML · CSS · SQL · Web Technology · Machine learning

Area of Interest: Web Development · Data Analytics

SOFT SKILLS

Social: Communication · Critical Thinking · Work Ethics · Adaptability · Time Management

Interest: Investing · Cricket · Cycling

Languages: English · Kannada · Telugu

PROJECTS

WEB TECHNOLOGY

Inventory Management System • September 2021 - August 2022

- Designed a user-friendly interface using HTML, CSS, and JavaScript to display products and quantity available in inventory.
- Employed PHP and MySQL to connect to the database, process add products, and update product records.
- Utilized AJAX (Asynchronous JavaScript and XML) to fetch real-time availability data from the database.
- Apache (2.4+) web server for hosting and serving the application.

Foodie – Food Delivery Front-end Web Application

- Built the engaging user interface using React JS.
- Utilized Redux Toolkit for efficient state management.
- Implemented captivating styling with Tailwind CSS.
- Used Parcel for efficient bundling of the application.
- Integrated Swiggy Live API for real-time restaurant data.

CERTIFICATION

- Full Stack Web Development (MERN)
